**The Rock Teen Center Policies and Procedures**

**Employee/Volunteer—Student Relations Policy**

- A. No adult employee, independent contractor, or volunteer shall be alone with a student/child in a room or area that is not accessible (i.e. viewable by window or video camera) by the public and/or other staff and co-workers at all times.
- B. Private conversations between employee, independent contractor, or volunteer and a student/child should be done between male/male and female/female whenever possible, but if a situation presents itself where it is imperative that a student needs to talk/share something of a private matter and there are no same sex employees, independent contractors, or volunteers available then make every effort to bring another co-worker into the conversation, if appropriate and approved by student who is sharing an issue, or make sure that said conversation is done in a viewable location by open space, viewable window and/or video camera.
- C. Interaction between employee, independent contractor, or volunteer should be kept at the work place and not outside of regular program activities. Correspondence should be professional and work related. There may be times when an employee, independent contractor, or volunteer is invited to an outside event (by the parents or guardian or even student with parents or guardian permission) due to the relationship in the student/child's life as a positive role model, etc. In such cases it would be acceptable to attend such an event in support of the student/child so long as it is not on a regular on-going occurrence/basis.
- D. Driving a student/child anywhere is frowned upon; however, there are situations that come up where it must be done for the safety of the student/child or where there could be a group event in which we choose to coordinate transportation.

Example: A student/child is waiting for a parent to pick them up and they don't show. This could happen for many reasons: an automobile breakdown, illness, emergency, etc. It would be dangerous or unwise at best for a 13 year old girl to walk home in the dark unattended.
- E. Under no circumstance shall an opposite sex employee, independent contractor, or volunteer drive a student/child anywhere alone. In all circumstances there must be a same sex adult in the vehicle. If there is not a same sex employee available then the employee, independent contractor, or volunteer must 1) call the Executive Director, 2) call the parent(s) and notify them of the situation and together a determination will be made that is best and safest for the student/child.
- F. Massages between an employee, independent contractor, or volunteer and a student/child whether the adult is giving a child a massage or the student/child is giving the adult a massage is inappropriate and not allowed under any circumstances.

- G. Side hugs, fist bumps, high fives and handshakes are appropriate types of physical contact between an employee, independent contractor, or volunteer and student/child; most other types of physical contact would be considered inappropriate and not allowed.

### ***Policy Regarding Bullying***

Verbal, physical or emotional bullying will not be tolerated.

It should be made clear to all students that verbal, physical or emotional harassment of any kind will not be tolerated. At the first sign of verbal or other attacks, act decisively. There is no “harmless putdown” when dealing with kids.

- A. First warning requires that you pull the offending student from the group or activities and discuss the inappropriateness of bullying behavior.
  - 1. Set some clear parameters and behavioral goals for them to achieve. However, let them know that the next step could be expulsion from the center for a period of time. Give a general reminder to the group that this kind of interaction is inappropriate.
  - 2. Make sure that any student who is the brunt of bullying attacks is handling the situation well. Have a private dialogue with him or her to assess the situation. **DO NOT SINGLE STUDENTS OUT IN FRONT OF THE GROUP OR STUDENTS.** Be discreet and protect their dignity.
- B. Second instance results in a call to parents and a vacation from the center for a period of time.
